

DXC Premier Services for RISE with SAP

Accelerate your digital transformation journey with SAP and drive business agility and outcomes. DXC Premier Services for RISE with SAP is a comprehensive offering that covers the entire SAP life cycle.

The business case

DXC Premier Services for RISE with SAP helps enterprises accelerate their SAP ERP cloud deployments and provides a pathway to develop new business models to ensure resilience, maintain agility, gain efficiencies to fund innovation, and transform mission-critical systems without business risk.

Single customer governance and operating model. Experience simplicity and consistency across your SAP (RISE and non-RISE) and non-SAP estate.

Transformation benefits. Assess, accelerate and optimize migrations that are relevant for your business.

Advanced AMS services. Get SAP AMS/operate capabilities, testing automation and process optimization.

Complete SAP technical operations. Get extended managed services, database management, transport management and SAP Business Technology Platform (BTP) operations.

Boost to your business. Clean cloud, side-by-side and multicloud integration connects processes and data across your application portfolio with SAP BTP.

Enhanced security. Share critical procurement, logistics and asset information using standard integrations and starter packages.
