

### DXC and SAP at a glance

We provide a full spectrum of SAP-based solutions to our customers around the world to help them extend their ability to quickly respond to market dynamics, simplify their operations and minimize the disruption, risks and costs of enterprise evolution.

### About SAP

A market leader in enterprise application software, SAP's stated purpose is to help the world run better and improve people's lives. SAP's suite of applications and services enables customers to operate profitably, adapt continuously, and make a difference. SAP's technologies help turn customers' businesses into intelligent enterprises.

## Reimagine your business

DXC Technology provides customers with the expertise to simplify, modernize and drive innovation and value through end-to-end solutions for enterprise application software and SAP applications.

### Customer benefits

The right partners can simplify and modernize your business while accelerating change. SAP provides the optimum platform for business transformation. As a leading SAP partner, DXC has the deep industry knowledge and strong line-of-business offerings to streamline the process and enable you to reimagine your business.

With decades of experience working with SAP, DXC offers a comprehensive portfolio of innovative SAP solutions, a broad network of best-of-breed partners to support your needs, global reach and 10,000+ SAP experts worldwide. This strategic partnership will revolutionize the way you use SAP. We help organizations:

- Transform existing SAP operating models using innovative business solutions and platforms
- Improve employee and customer experiences using predictive analytics and real-time decision making
- Reduce implementation costs and improve time to value

DXC has the skills and expertise you need in an IT partner — experience honed over more than 35 years of running the most critical and complex SAP systems in the world. DXC and SAP give you the agility you need today, with smart automated processes and insight into every corner of your business.

### Joint offerings/solutions

DXC is a platform-independent, one-stop shop for SAP services dedicated to helping you get the most value from your SAP investments. We start by assessing your digital readiness and bolster your business processes to increase efficiency and effectiveness through cloud-based building blocks, innovative migration and deployment methodologies and data management capabilities, and proven machine learning. We help you achieve business results by optimizing your SAP environment.
